ABOUT

(Picture of yarn in a store)
**Why open a yarn store?**

We want The Yarn Stash to be the last place you ever have to go for knitting and crocheting supplies. That is our whole reason for opening the store: to be completely focused on the needs and wants of serious yarn crafters.
We first opened our doors in May of 2037 and have never looked back! It has been an exciting journey and we are so glad that you have been a part of that journey; we never could’ve done it without wonderful customers such as yourself!
